BIOGRAPHY

Rohm is a French DJ and music producer.

His sound blends Melodic House & Techno, Progressive House, and Tech House — always with a deep sense of emotion, groove, and freedom.

Inspired by the wonder of childhood, he creates tracks that feel like personal memories, filled with nostalgia, celebration, and sincerity.

In January 2025, he released his first album, *Éclat de fête* — a 20-track journey through the glowing memories we keep between the ages of 8 and 12.

The album combines original productions and remixes from artists close to his universe.

"I wanted this album to feel like a party within, something simple but intense."

Beyond the album, Rohm builds connections through live shows, collaborations, and an audience that grows naturally, without forcing anything.

"What I make is honest. If it resonates with people, great. If not, I learn."

LIVE / DJ SET

Rohm Live at Dock des Suds (Marseille)

" This live video recorded at Dock des Suds in Marseille is a key highlight of my artistic journey.

"Every live set, every moment on stage, is part of a continuous journey. Playing in front of over 1500 people at Dock des Suds alongside Goom Gum was a special moment, but it's just one of many steps. It's about reading the crowd, keeping the energy flowing, and staying grounded in my roots in Melodic House & Techno, and Tech House. It's not just about performing, it's about creating a real, shared experience with the audience — something I strive for every time."
